15th December

COVID – 19 Relief Effort in SEA

In Asia Pacific, Australia/New Zealand, and China, areas that have been living with the devastating effects of COVID-19 longer than any part of the world, PepsiCo is supporting healthcare workers and addressing hunger, providing:

- 7.6 million people in the **Philippines** with gift certificates for groceries and food packs
- \$1.2 million in funding for protective gear for healthcare workers in **China** and **South Korea** with investments to **The Hubei Red Cross Foundation** and the **China Women's Development Foundation**
- \$300,000 to the **Vietnam Youth Union** to provide free meals to the most impacted people
- \$200,000 to the **Vietnam Young Physician Association** to provide medical supplies for frontline hospitals in 5 locations across Vietnam
- \$605,000 to **Rask Thai Foundation in Thailand** to deliver more than 1 million meals to vulnerable communities
- \$550,000 to **Philippine Disaster Resilience Foundation's** Project Ugnayan that, with support from other companies, is working to deliver nutritious meals and assistance to 12.5 million people in the Manila metro area
- For more information, please visit <https://www.pepsico.com/sustainability/philanthropy>

Give Meals, Give Hope – @local communities

Give Meals, Give Hope - @childcare center

PepsiCo Grow More

Growing Forest; Saving Water increases green space, reviving watershed forests, rehabilitating nature and tackling PM2.5 for sustainability.

Donation of Medical Equipments at Thailand Ministry of Public Health

DONATION: COVID-19 Relief Project

- To take immediate steps to support field hospitals in all regions including medical professionals in the fight against COVID-19 during its peak outbreak.
- We join forces with our JV, Suntory PepsiCo Thailand to fight COVID-19 and promote the work of medical personnel by **providing Personal Protection Equipment (PPE) 600 series, 2,000 blood oxygen measuring devices, Aquafina drinking water products and Lay's products to 59 field hospitals, including the health office in Bangkok.**

Quaker sponsored symposium

Organized by:

Under the auspices of:

In conjunction with:
